RULES & REGULATIONS

1. Background

As the National Sports Association for Pickleball, Singapore Pickle-Ball Association (SPA) is committed to growing the sport at every level, including providing a safe and supportive space for players new to competition. The eligibility restrictions detailed herein are therefore intentional to preserve a genuine entry point and protect the confidence of newer players, rather than a stage for experienced competitors.

Eligibility is based on self-declaration at registration. Participants are expected to declare their playing experience and competition history honestly and in good faith. SPA RALLY SCORING SYSTEM

Introduction

In Rally Scoring, points are awarded for every rally. The side that wins the rally, scores a point as well as the right to serve. The first side that reaches the game point wins the game. Each side shall have only one serve before Side Out.

In any game of Doubles, after Side Outs, when serve is won back after a rally for any side, the server will be alternated from their previous server.

There shall be only ONE time out of 60 seconds per side, per game.

Before the Game

- Chance Draw to determine side to serve/choose ends.
- In Doubles, both sides Starting Server and Starting Receiver shall wear the Starting Server ID

Singles

- As long as the side holds serve, after scoring each point the server will alternate serving from the right/even and left/odd sides of the court.
- If the side's score is even (0, 2, 4 ...), the serve must be made from the right/even serving area and be received in the right/even service court by the opponent.
- If the side's score is odd (1, 3, 5 ...), the serve must be made from the left/odd serving area and be received in the left/odd service court by the opponent.
- When the receiving side wins a rally, a point is scored and the serve is passed to them. The subsequent serve is then made from the service court with reference to the score.
- The side to reach the game point first wins the game.

Doubles

- As long as the side holds serve, after scoring each point the server will alternate serving from the right/even and left/odd sides of the court. There is no restriction on the position of the partners of the correct server and receiver as long as they are on their respective team's side of the net. They can be positioned on or off the court.
- If the side's score is even (0, 2, 4 ...), the serve must be made from the right/even serving area and be received in the right/even service court by the opponent.
- If the side's score is odd (1, 3, 5 ...), the serve must be made from the left/odd serving area and be received in the left/odd service court by the opponent.
